

PROCESS SAFETY
CONSULTING

PrimaTech
Specialists in Safety, Security and Risk

Primatech provides consulting in process safety and risk management. Our expertise has been applied to nearly every industry affected by process safety and risk management regulations.

Primatech's dedicated professionals enjoy recognition around the world as experts in process safety and risk management. Their outstanding credentials include experience from industry, government, consulting, and research backgrounds. The combination of skills and experience we offer has enabled us to serve a diverse set of clients from industrial companies to government entities.

Primatech's unique approach emphasizes quality of work and responsiveness to client needs while striving to meet our clients' objectives as efficiently as possible. We have completed thousands of projects since our founding in 1987 and we continually refine our technical approaches and practices.

“You have helped King Industries continue in its transformation towards establishing a more effective PHA process, and to gain a better appreciation of evaluating overall risk.”

Rich Byrnes, Engineering Manager
King Industries, Inc.
